## MEMBER SPOTLIGHT

Meet Wings Member, Tanner. A focus of the Wings Day Program is to give Members the tools they need in order to process their emotions. Tanner has taken this one step further in Art Production. One of his friends was frustrated. Instead of getting upset himself, Tanner took the opportunity to be kind, smile, and reassure her so that she could calm down and enjoy the remainder of class. We are so glad that Wings is creating a community where our Members can support one another.
